

01

TOY BOX & COOL & STYLISH

What to buy the superyacht owner who has it all,
except for these unique, out-there toys, that is.

WORDS MIRIAM CAIN

01

J-CRAFT TORPEDO

First impressions count, so how better to escort guests to the yacht than by the most glamorous superyacht tender available. J-Craft's Torpedo is handcrafted for the most stylish of superyacht owners. With as much emphasis on its vintage aesthetics as there is on performance, its long, lean lines are finished in an abundance of lacquered wood while upholstery, handmade cabinetry and luxurious finishes are a tactile triumph. It is also doubles up as a self-sufficient boat with space for four guests and a captain.

02 PARAGON STUDIO DIABOLO DUMBBELLS

For the fitness fanatic, Paragon Studio's Diabolo Dumbbells are not just any normal dumbbells. Available with unparalleled levels of customization and unique features—think woods from teak to walnut, metals from steel to bronze—they have been designed to enhance every training session, which, given the exquisite setting of a superyacht gym, is no mean feat. paragonstudio.co.uk

03 ULYSSE NARDIN X BEAU LAKE

The avid paddleboarder and watch enthusiast can now enjoy the water in luxury with the introduction of Ulysse Nardin x Beau Lake. A shared love for exploration has inspired a new collaboration between Swiss watchmaker Ulysse Nardin and Canadian luxury waterside experiences manufacturer, Beau Lake. Together they have created the ultimate paddleboard experience by combining a limited-edition chronometer timepiece emboldened with the Beau Lake logo, and a customized Malibu paddleboard paired with a Hybrid paddle featuring Ulysse Nardin branding. beaulake.com

04 TAIGA MOTORS ORCA ELECTRIC JET SKI

Every environmentally-savvy superyacht owner is looking at the latest e-toys, and what could be better than an electric Jet Ski that performs as well as a gas-powered version? Aside from the emissions benefits, Taiga's Orca electric Jet Ski is quiet, despite its incredible acceleration and top speed of up to 65 mph, and offers up to two hours of fun and games. taigamotors.ca

05 DUCATI CROSS-E SCRAMBLER SCOOTER

Sustainable and individually stylish do not always merge, but while the Ducati Cross-E Scrambler may be slower than Ducati's usual two-wheelers, it is certainly more fitting for the eco-conscious yacht owner (and can be stowed away in the toy box). Easier to handle than its more powerful brothers, the Cross-E Scrambler's anti-puncture tires are perfect for the rougher terrain that goes hand-in-hand with most coastlines. ● ducatiurbanemobility.com
