

Polar Star

The world is your oyster when cruising aboard the impressive Polar Star. Designed for effortless cruising and stamped with the pedigree of one of the world's premier shipyards, the magnificent 63.4m (208') yacht encompasses all the features of luxury living afloat

Main features

-
- + Abundant and generous deck space
- + Accommodation on main and upper decks
- + Unobstructed views from the master suite
- + Go anywhere yacht
- + At anchor stabilisers
- + Extensive refit in 2011
- + Ice-class hull
- + Large selection of tenders and water toys

Polar Star perfectly combines outstanding ocean-going qualities and ice-breaker capabilities with the interior volume and amenities of a luxury superyacht. Her design, by the highly acclaimed Espen Øino, incorporates the traditional style of an explorer vessel with the strong sleek lines of a modern yacht.

Her expansive interior features a wide selection of living areas and facilities for all requirements providing total comfort when spending long periods of time at sea. Classically designed and sympathetically upgraded in 2011, her interior lets in light at every opportunity, which enhances the Hamptons beach-style décor. Sumptuous accommodation is arranged across six cabins, including a panoramic master suite with private study on the upper deck, a VIP cabin and four doubles, all with beautifully appointed bathrooms and the latest entertainment systems. An elevator runs from the lower deck to the sun deck.

Her abundant and generous outdoor spaces play host to multiple relaxation, sun lounging and alfresco dining areas for family and friends to enjoy in addition to a large Jacuzzi, bar, barbecue and open-air cinema. She also boasts a gym and movie theatre.

Particular attention has been given to access to the water and easy launch of her comprehensive list of toys and tenders, which include an 8.8-metres Naiad jet tender and the ultimate wake toy - a 7.8-metres Malibu Wakesetter tender. Water sport aficionados can enjoy extreme thrills surfing waves of up to two metres tall directly behind the Malibu tender thanks to an ingenious draft increasing hydrofoil system.

Polar Star has an excellent chef and charter-friendly crew of 17. She is available for charter and viewings this summer in Eastern Mediterranean. *For more information on chartering or purchasing Polar Star, contact your Camper & Nicholsons International broker, see page 8*
